# Your Nude

Pure, refined and harmonious.

Your step-by-step to a look that's authentic, natural and fresh.

Prepare your complexion with the appropriate **Foundation** for your skin tone. Apply **Concealer** and **Bronzing Powder** if necessary. Accentuate the eyebrows with the shades from the **Eye & Brow Palette**.

1.

Use the darkest shade from the **Eyeshadow Trio 04 Sunstone** to accentuate the outer corner of the eye, continuing to the crease, and the lower lid edge.

2.

Apply the middle shade from the **Eyeshadow Trio 04 Sunstone** from the corner of the eye to the middle of the movable lid.

3.

Apply the lightest shade from the **Eyeshadow Trio 04 Sunstone** below the eyebrow arch.

4.

Accentuate the lower and upper outer lid edges with **Eye Definer 02 Brown**.

5.

Apply **Eye Definer 00 Nude** to the inner area of the lower lid edge to make the eyes sparkle.

6.

For a soft yet intense volume boost, apply **Volume Mascara 02 Brown** to the lashes.

7.

Apply the darkest shade from the **Blush Duo 01 Soft Apricot** to the cheekbones and the light shade above it.

8.

Add a subtle hint of colour to the lips with **Lip Gloss 06 Tamarillo**.
